February 15, 2023

I am here tonight to present a plan and get council approval to set up 2 pickleball courts on the west tennis court (practice court).

Pickleball is a fast-growing recreational sport that can be played by people of a wide range of ages. It is similar to tennis, but the court is considerably smaller which allows more people to play the sport.

The pickleball court lines can be painted without interfering or hampering the tennis court lines. The tennis court lines, and the pickle ball lines will be different colors and are 18-24 inches separate from each other.

Pickle ball nets are portable and will not hamper anyone who wants to use the tennis court unless a group is playing pickle ball.

A few El Lago citizens request that I head this up and those citizens have volunteered to paint the pickleball lines.

We propose the city buys the paint for \$100, the portable nets (2) in the range of \$160-\$390 each and a metal box similar to the green box by the baseball field or move the green box if it is not being used to the west tennis court to store the pickle ball nets.

Total cost to the city would not exceed \$1,000, but that cost can be recouped if 25 citizens pay \$40 for tennis membership.

Additionally, the annual tennis membership dues need to be increased. \$40 a year is \$0.75 per week. My suggestion is to raise the annual tennis/pickle ball dues \$38 for a total of \$78 per year which is \$1.50 per week.
